iIMAGE

S H O W E R S

DESIGN ▪ INNOVATION ▪ QUALITY

Image Showers are an Irish manufacturer based in Kilkenny since 1989.

Image Showers manufacture and offer a range of showering products including trays, doors, enclosures and overbath screens that have exquisite design and quality.

We also offer a bespoke shower door/ enclosure service, which is a timely solution to unusual shapes and tight spaces. Image can supply showering enclosures to a specific design complete with a fitting service using an expert team of fitting engineers which guarantees perfect results. We supply products made from 6,8,10 or 12 mm glass with or without aluminium frames.

Image Showers have been awarded the ISO9001 quality assurance standard, as strict quality standards are adhered to. All our shower enclosures carry a lifetime guarantee and are CE Certified.

.dilussobathroomsTM

At .dilussobathrooms, we have built our brand around total commitment to elegant and innovative design, product quality, reliability and ultimate customer satisfaction.

We help you to choose the perfect design to complement your bathroom interiors. Using only the best materials, we are committed to product excellence in design and reliability.

Whatever your space, budget or lifestyle, .dilussobathrooms has something to match your aspiration, be it traditional or contemporary.

Sanitaryware

Our collection of ceramics is thoughtfully curated, with high quality of design and the latest innovation being the guiding principles.

Our diverse collection is designed to be the centre focus of any bathroom, no matter what your style or taste.

Our toilet pans now feature a rimless pan allowing for easier cleaning and removing the need for a rim.

Information & Maintenance

PRODUCT

All products are manufactured in accordance with iSO 9001 and EN 14428 and utilise toughened safety glass to EN12150-1 class A standard.

Aluminium sections are extruded to BS 1474 from alloys complying with BS 6463 and coated to BS 6464.

Doors and enclosures have been tested in accordance with EN 14428 and are suitable for use with modern power showers.

CE AND EN INFORMATION

The CE marking on .dilussobathrooms products is a declaration that the product complies with the essential requirements of the European health, safety and environmental protection legislation.

The CE marking on a product indicates to government officials that the product may be legally placed on the market in their country. This ensures the free movement of the product within EFTA and the European Union single market and permits the withdrawal of the non conforming products by customs and enforcement authorities.

The European Union's "new approach directives" are mandatory on all member countries to enact through national legislation.

This legislation requires manufacturers to display a CE marking on their product, packaging and accompanying literature. Where a new approach directive is in force, it is (with few exceptions) an offence to place a product on the market without a CE marking.

Often consumers will consider CE marking on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. CE marking is for many consumers a "Symbol of Safety"

DELIVERIES

Deliveries should be inspected immediately after receipt and any discrepancies should be notified within 7 days. Notifications received after this period will not be accepted.

Goods supplied are subject to carriage charge. Lead time direct to a reseller is 3 working days.

24 hour delivery is available subject to a carriage charge.

Home delivery is also available subject to a carriage charge.

SHOWER ENCLOSURE ADJUSTMENT

This is the min and max adjustment of the actual enclosure. These are the adjustment dimensions of the actual door excluding the tray. Therefore, these are the dimensions to follow when installing an enclosure in a wet room application without a tray.

The guide below may be helpful in taking measurements to determine the shower door or enclosure size required.

Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice. Please note that when a tray is fitted, it is essential that the tray is level before any doors or enclosures are fitted. Uneven trays may lead to leakages and would invalidate our guarantee.

CLEANING

It is important to clean your Image shower door after every use Wipe down all the glass and metal parts with a soft cloth. Ensure that any residual water on the glass is removed after every use. Clean the glass regularly using soapy water

Do not use abrasive products on any surfaces

Install the enclosure in a well-ventilated area

Always read the instructions on the packaging are tiled down to the rim, often over an "up-stand".

The finished installation space may be less than the nominal tray size. Shower units are made to suit this remaining space.

Do not allow lime scale to build up in hard water areas. Aluminium is vulnerable to acid attack and some strong household cleaners including strong disinfectants,

denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid

These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided

IMPORTANT TRAY INFORMATION

Although shower door and enclosure sizes are related to tray sizes, it is important to note that most shower trays are tiled down to the rim, often over an "up-stand". The finished installation space may be less than the nominal tray size. Shower units are made to suit this remaining space.

TRAY FINISH MIN - MAX

The tray finish applies when fitting a door and a tray. These are the minimum and maximum dimensions that a shower door or enclosure will fit using standard wall profiles.

TRAY FINISH

To find the correct tray finish dimension:

In a recess: measure from the finished, tiled wall to the opposite finished, tiled wall.

In a corner: measure from the finished, tiled wall to the edge of the tray.

Note: If the wall/walls are leaning in, this will further reduce your tray finish.

Please ensure that the size of shower tray is as per your order before installation.

You must inspect the product thoroughly before installation.

Fitting the product is acceptance of quality.

Tray heights may vary due to manufacturing tolerances.

Where your shower tray is not fully enclosed, please ensure that your panel is at least $\frac{3}{4}$ of the length of your tray size.

Please ensure that the shower head is not positioned over the waste as this may restrict flow rate.

General

All products are supplied with full installation.

Instructions and the necessary fixings,

Check with your dealer for accurate matching of material samples.

Product descriptions do not imply the use of precious or valuable materials.

Glass shattering and parts subject to wear are not covered by lifetime

guarantee.

Trays shown in this catalogue are for illustrative purposes only.

Images are for illustrative purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process.

The positioning of all shower heads in the brochure is for illustrative purposes only.

All descriptions, specifications and particulars contained in this brochure is for illustrative purposes only.

All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to independent or collateral liability upon .dilussobathrooms.

Prices are correct at the time of print with the rate of VAT which applies at the time. Due to the circumstances beyond our control, prices may be altered including changes to the rate of VAT.

Due to the policy of continuous improvement, we reserve the right to amend our prices, specifications and designs without prior notice.

Service Engineer Call Outs

If our onsite inspection determines that the reported issue is not a manufacturing or materials

defect, a call out charge of €100.00 + VAT will be applied.

Liability

In the event of any breach of Image Shower's or .dilussobathrooms obligations, the remedies of the customer will be limited through damages.

Except as set out in these conditions, all warranties, conditions and other terms imposed by law (whether by statute, common law or otherwise), are to the fullest extent permitted by the law, excluded from the contract.

Image Shower's or .dilussobathrooms maximum aggregate liability arising out of or in connection with a contract, whether in a contract, tort, misrepresentation under statute or otherwise, howsoever caused including any liability under an indemnity contained in the contract and/or arising from a breach of, or a failure to perform or defect or delay in performance of, any of the Company's obligations under the contract and/or any defect in any of the goods supplied under the contract and/or any use made or resale of any such goods by the customer of any product incorporating any of the such goods shall be limited to the aggregate price paid or payable under the contract.

.dilussobathrooms shall not have any liability to the customer for any loss of profit (direct or indirect); loss of revenue, loss of production or loss of business (in each case whether direct or indirect); loss of goodwill, loss of reputation or loss of opportunity (in each case whether direct or indirect); liability of the customer to third parties (whether direct or indirect); consequential or special loss arising out of or in connection with the contract, whether in contract, tort or misrepresentation under the statute or otherwise, howsoever caused including negligence and/or arising from a breach of, or a failure to perform or detect, or delay in performance of, any of Image Showers or .dilussobathrooms obligations under the contract.

Nothing in the contract shall operate to exclude or restrict Image Shower's or .dilussobathrooms liability (if any) to the customer for breach of its obligations arising under section 12 of the Sale of Goods Act 1979; for breach of its obligations arising under Section 2 of the Supply of Goods and Services Act 1982; for death or personal injury resulting from its negligence; for its fraud or fraudulent misrepresentation; or for any matter for which it is not permitted by the law to exclude or limit, or to attempt to exclude or limit, its liability.

Nothing in the contract shall operate to exclude or restrict Image Shower's or .dilussobathrooms liability (if any) to the customer for breach of its obligations

arising under section 12 of the Sale of Goods Act 1979; for breach of its obligations arising under Section 2 of the Supply of Goods and Services Act 1982; for death or personal injury resulting from its negligence; for its fraud or fraudulent misrepresentation; or for any matter for which it is not permitted by the law to exclude or limit, or to attempt to exclude or limit, its liability.

The minimum bar pressures stated in our brochure acts as a guideline to incoming water pressure required to give the relevant flow rates on our technical data sheets. Flow rates differ from household to household.

Warranty

Please note that the below guarantees are applicable for goods installed in a domestic environment with reasonable usage.

Any items installed in a public or commercial area is subject to a one year guarantee.

Guarantees do not apply to products damaged as a result of transit, misuse, incorrect installation or from the use of abrasive cleaning products.

Enclosures, Bath Screens & Wetroom Panels have a lifetime guarantee on glass & aluminium. There is a 1 year warranty on consumable items such as rollers, Seals and Handles.

Trays have a 5 year warranty.

There is a 2 year warranty on furniture, towelwarmers, sanitaryware, mirrors, brassware and shell products. Baths have a 5 year warranty.

iIMAGE SHOWERS

DESIGN ▪ INNOVATION ▪ QUALITY

Welcome to Image Showers, Ireland's largest shower door manufacturer, established in 1989.

At Image Showers we specialise in design, innovation and quality. Our years of experience reflect our dedication to continuous innovation and willingness to satisfy our customers' requirements no matter how intricate the design.

Our knowledgeable sales team and engineers are available to help you through any queries or concerns.

We will arrange a site visit, carefully measure and plan your design. Whilst walking you through all stages of the project step by step.
